

EARLY CHILDHOOD EDUCATION

Program available 100% online!

The first years of a child's life are formative, providing the foundation for their growth into adulthood—emotionally, physically and intellectually. An Early Childhood Education degree prepares you with the skills to help cultivate healthy development in children, shaping their lives and the communities they live in for the better.

In this program, you'll complete a combination of in-class education and hands-on fieldwork that will prepare you for career opportunities in child care or preschool settings, or for transfer to a university for completion of a bachelor's degree.

CAREER OPPORTUNITIES

- Head Start Classroom Teacher
- Child Care Center Director or Teacher
- Teacher Assistant
- Preschool Teacher
- Elementary Teacher

Credit Hours: 60-63 • Contact Hours: 69-73

The **Associate of Applied Science in Early Childhood Education** degree is designed for students who want to enter the child care or education workforce immediately.

IN NEED OF CDA TRAINING?

T.E.A.C.H. Early Childhood® Michigan and North Central Michigan College are partnering to bring high quality CDA training to Northern Michigan.

Complete your 120 clock hours of required training facilitated by NCMC faculty to obtain your CDA credential by pursuing coursework for college credit at North Central. A T.E.A.C.H. Early Childhood® Michigan scholarship may cover most or all of the cost for eligible students.

Participants will complete ECE 200, ECE 205 and ECE 215. Those students interested in the Infant-Toddler CDA Credential will add ECE 210 to their course sequence. The first course begins January 9, 2023, and runs until May 5. The classes total 9 credits (12 for Infant-Toddler) and all apply toward an Early Childhood Associates degree. All courses are available online.
